

LEARNING JOURNEY - EPISODE 011

# Going deeper: Pause before the label

Watch, notice, practise and transfer the adult move.

Educator worksheet

Episode 011

5 pages

A short staff reflection tool aligned to Episode 011. Use it after viewing the story, or work from the printed moment and next sentence.

Production resource - adapt to the child, setting, culture, access needs and safety context.

01 - WATCH AND NOTICE

# What changed - and what stayed?

Begin with observable words and actions. Treat the possible weather as a lens for reflection, not a fact about a child's inner state.

**ORIGINAL MOMENT**

"Why do you always make this so hard?"

**POSSIBLE WEATHER**

Older children may hear pressure as mistrust, public judgement or loss of agency. Make the reason, choice and responsibility visible.

**NOTICE**

What happened that a camera could record?

---

---

**POSSIBLE IMPACT**

What might the words communicate? Use may, might or could.

---

**KEEP**

What expectation, responsibility, safety or learning need remains?

---

**CHANGE**

Which part of the delivery could become more specific or usable?

---

**Episode principle**

Notice when pressure is turning an event into an identity label.

02 - BUILD THE NEXT SENTENCE

# Practise the move in four parts.

These parts are a rehearsal scaffold, not a formula that must be spoken word-for-word.

1

## Pause

Identify what the moment requires before adding more words.

"Notice when pressure is turning an event into an identity label."

2

## Describe

Use specific, observable information instead of a broad judgement.

"Why do you always make this so hard?"

3

## Keep

Retain the boundary, responsibility, safety or learning need.

"Name one thing you can see and one next step."

4

## Next

Offer the clearest usable sentence or action from the short.

"The transition still needs to happen. Tell me what is getting in the way, then we can name one thing you can see and one next step."

### YOUR NEXT SENTENCE

Write a version that sounds natural in your setting.

---

---

---

### Try it aloud

Check pace, volume and number of directions. If it becomes a lecture, shorten it to the first useful action.

03 - TRANSFER TO PRACTICE

# Use the move beyond this one story.

Choose low-stakes examples for adult practice. Do not invite children or colleagues to disclose family conflict, harm or private experiences.

**SCENE 1**

**Same setting**

Rehearse another rushed transition moment where the adult needs to name one thing you can see and one next step.

**SCENE 2**

**A busier moment**

Shorten the language while keeping the boundary, safety need or learning expectation.

**SCENE 3**

**When it repeats**

Identify what adjustment, information or support may be needed beyond one sentence.

**STAFF DISCUSSION**

Where might this pressure enter adult language? What specific wording could make the next action clearer?

---

---

**ADAPTATION**

How could the move be made accessible for language, motor, sensory, cultural or communication needs?

---

04 - REVIEW BEFORE USE

# A safe discussion has clear limits.

This sample is for adult reflection. It is not a behaviour plan, assessment tool or substitute for school, service or safeguarding procedures.

## FACILITATOR CHECK

- ☐ We use possibility language for possible child experience.
- ☐ We retain the boundary, consequence or safety instruction.
- ☐ We adapt the response to age, ability, context and hazard.
- ☐ We do not invite public disclosure of private experiences.
- ☐ We follow local safeguarding and incident procedures.
- ☐ We offer a private or opt-out response route.

## Episode safety note

Use local safeguarding and incident procedures. Persistent distress, online harm or safety concerns need context-specific support.

## DRAFT ALIGNMENT NOTES

Possible connections: Australian Curriculum v9.0 - Personal and Social capability: Self-awareness; Australian Curriculum v9.0 HPE - Identities and change; EYLF V2.0 - Outcome 3: Children have a strong sense of wellbeing

Select only the framework elements actually addressed in local learning. Alignment does not mean government approval, curriculum mandate or endorsement.

**Release status: educator, parent, safeguarding, accessibility and claims review completed for template use; local contextual review remains required.**

## Scope

General educational information for adults. Persistent distress, safety concerns or marked changes in wellbeing need context-specific support.
