

WORDS HAVE WEATHER

KEEP THE BOUNDARY. CHANGE THE WEATHER.

LEARNING JOURNEY - EPISODE 068

# Shared ground: Build the plan together

Watch, notice, practise and transfer the adult move.

Educator worksheet

Episode 068

5 pages

A short staff reflection tool aligned to Episode 068. Use it after viewing the story, or work from the printed moment and next sentence.

Production resource - adapt to the child, setting, culture, access needs and safety context.

01 - WATCH AND NOTICE

# What changed - and what stayed?

Begin with observable words and actions. Treat the possible weather as a lens for reflection, not a fact about a child's inner state.

**ORIGINAL MOMENT**

"We're doing it my way this time."

**POSSIBLE WEATHER**

The same words can land differently across children and contexts. Hold the need while leaving room to check the impact.

**NOTICE**

What happened that a camera could record?

---

---

**POSSIBLE IMPACT**

What might the words communicate? Use may, might or could.

---

**KEEP**

What expectation, responsibility, safety or learning need remains?

---

**CHANGE**

Which part of the delivery could become more specific or usable?

---

**Episode principle**

Include the child in planning where participation can improve follow-through.

02 - BUILD THE NEXT SENTENCE

# Practise the move in four parts.

These parts are a rehearsal scaffold, not a formula that must be spoken word-for-word.

1

## Pause

Identify what the moment requires before adding more words.

"Include the child in planning where participation can improve follow-through."

2

## Describe

Use specific, observable information instead of a broad judgement.

"We're doing it my way this time."

3

## Keep

Retain the boundary, responsibility, safety or learning need.

"Agree on roles, signals and the first step."

4

## Next

Offer the clearest usable sentence or action from the short.

"The adult keeps the safety and timing responsibility. Let's pause and agree on roles, signals and the first step."

### YOUR NEXT SENTENCE

Write a version that sounds natural in your setting.

---

---

---

### Try it aloud

Check pace, volume and number of directions. If it becomes a lecture, shorten it to the first useful action.

03 - TRANSFER TO PRACTICE

# Use the move beyond this one story.

Choose low-stakes examples for adult practice. Do not invite children or colleagues to disclose family conflict, harm or private experiences.

**SCENE 1**

**Same setting**

Rehearse another recurring challenge moment where the adult needs to agree on roles, signals and the first step.

**SCENE 2**

**A busier moment**

Shorten the language while keeping the boundary, safety need or learning expectation.

**SCENE 3**

**When it repeats**

Identify what adjustment, information or support may be needed beyond one sentence.

**STAFF DISCUSSION**

Where might this pressure enter adult language? What specific wording could make the next action clearer?

---

---

**ADAPTATION**

How could the move be made accessible for language, motor, sensory, cultural or communication needs?

---

04 - REVIEW BEFORE USE

# A safe discussion has clear limits.

This sample is for adult reflection. It is not a behaviour plan, assessment tool or substitute for school, service or safeguarding procedures.

## FACILITATOR CHECK

- ☐ We use possibility language for possible child experience.
- ☐ We retain the boundary, consequence or safety instruction.
- ☐ We adapt the response to age, ability, context and hazard.
- ☐ We do not invite public disclosure of private experiences.
- ☐ We follow local safeguarding and incident procedures.
- ☐ We offer a private or opt-out response route.

## Episode safety note

Use local safeguarding and incident procedures. Persistent distress, online harm or safety concerns need context-specific support.

## DRAFT ALIGNMENT NOTES

Possible connections: Australian Curriculum v9.0 - Personal and Social capability: Goal setting and social management; Australian Curriculum v9.0 HPE - Interacting with others and respectful relationships; EYLF V2.0 - Outcomes 1 and 4: Identity, agency and confident learning

Select only the framework elements actually addressed in local learning. Alignment does not mean government approval, curriculum mandate or endorsement.

**Release status: educator, parent, safeguarding, accessibility and claims review completed for template use; local contextual review remains required.**

## Scope

General educational information for adults. Persistent distress, safety concerns or marked changes in wellbeing need context-specific support.
